Sommario/riassunto	Children's Reading Choices discusses the reading habits of children aged between 10 and 14. The book reports the findings of the Children's Reading Choices project - conducted by the authors from the University of Nottingham and the largest national survey of children's reading choices since the 1970's. The book includes reports and discussion on: * girls' and boys' reading preferences and the differences between their reading habits * the place of series books, teenage magazines and comics in children's reading * the most popular authors and titles at different ages
