Sommario/riassunto	How can teachers improve what they do in the primary classroom? Which teaching methods will help you and your pupils to perform effectively? These are the questions that every teacher will be asking him or herself in today's climate of targets and tables. Much research over recent years has focused on the role of the teacher and how effective classroom practice is achieved. The book discusses many areas of topical importance including: teaching methods motivating learners and matching work to children how to structure children's learning classroom control and organisation t
