Sommario/riassunto

\* Provides a comprehensive survey of contemporary thinking in biological, social and cultural anthropology and establishes the interconnections between these three fields.\* Useful cross-references within the text, with full biographical references and suggestions for further reading.\* Carefully illustrated with line drawings and photographs. 'The Companion Encyclopedia of Anthropology is a welcome addition to the reference literature. Bringing together authoritative, incisive and scrupulously edited contributions from some three dozen authors. The book achieves an impressi
