16 Nuclear disarmament: Mirage or need of the hour?; 17 To err is statesmanlike, to learn folly; 18 Is history being repeated?; 19 Engaging the idea of global citizenship; Index

Sommario/riassunto

Variously described by historians and thinkers as the 'most terrible century in Western history', 'a century of massacres and wars' and the 'most violent century in human history', the 20th century - and in particular the period between the First World War and the collapse of the USSR - forms a coherent historical period which changed the entire face of human history within a few decades. This book examines the trajectory of the Cold War and the fallouts for the rest of the world to seek lessons for the 21st century to manage international relations today and avoid conflict.
