Polling the Average Populace -- 4. The Majority Talks Back -- 5. Surveying Normal Selves -- 6. The Private Lives of the Public -- Epilogue: Statistical Citizens -- Notes -- Acknowledgments -- Index
Sommario/riassunto	supports the death penalty, that half of all marriages end in divorce, and that four out of five prefer a particular brand of toothpaste. But remarkably, such data--now woven into our social fabric--became common currency only in the last century. With a bold and sophisticated analysis, Sarah Igo demonstrates the power of scientific surveys to shape Americans' sense of themselves as individuals, members of communities, and citizens of a nation.
