From Employee and Citizen to Investor: How Talent, Friends, and Homes became "Capital"; 7. Conclusion: A Society of Investors?; Notes; References; Index
Sommario/riassunto	The turbulence of the stock market and the housing market in the early years of the 21st century have demonstrated the dangers of tying society too closely to financial markets. Managed by the Markets provides a guide to how we got here and unpacks the consequences of linking the well-being of society too closely to financial markets. - ;The current economic crisis reveals just how central finance has become to American life. Problems with obscure securities created on Wall Street radiated outward to threaten the retirement security of pensioners in Florida and Arizona, the homes and college
