

1. Record Nr.	UNINA9910455486103321
Titolo	Current perspectives on job-stress recovery [[electronic resource] /] / edited by Sabine Sonnentag, Pamela L. Perrewe, Daniel C. Ganster
Pubbl/distr/stampa	Bingley, UK, : JAI Press, 2009
ISBN	1-280-77142-9 9786613682192 1-84855-545-8
Descrizione fisica	1 online resource (292 p.)
Collana	Research in occupational stress and well being ; ; v. 7
Altri autori (Persone)	GansterDaniel C PerrewePamela L SonnentagSabine <1961->
Disciplina	158.72
Soggetti	Job stress - Prevention Job stress Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Current Perspectives on Job-Stress Recovery; Copyright page; Contents; List of contributors; Foreword; Chapter 1. Methodological issues in recovery research; Introduction; Measurement issues; Study designs; Conclusions and implications for future recovery studies; References; Chapter 2. Momentary work recovery: The role of within-day work breaks; Introduction; The episodic perspective; Work breaks; Personal resources; Personal resources associated with momentary recovery; Moderators of the break activity-resource level relationship; Consequences of personal resource levels Motivation as a moderator of the relationship between resource levels and outcomesConcluding thoughts; Acknowledgments; References; Chapter 3. Daily recovery from work-related effort during non-work time; Introduction; Theoretical framework; How is recovery conceptualized?; Outcomes of (lack of) recovery; Activities during recovery; Factors facilitating recovery; Factors inhibiting recovery; Need for recovery; Recovery model; Suggestions for future research; Conclusion; References; Chapter 4. Recovery and the work-family

interface; Introduction

Work and family as individual's primary life domainsA macro-
perspective of work-family interface: Antecedents and consequences;
Micro-processes; Gender differences; Conclusions; Note; References;
Chapter 5. Are business trips a unique kind of respite?; Respite and
recovery: Definitions and literature review; Embedding business trips in
the JD-R model and COR theory; Business trip characteristics; Negative
impact of business trips; The positive impact of business trips;
Evidence from interviews; Business trips: A conceptual model; Summary
and conclusions; Recommendations; Note; References
Chapter 6. Sleep and recoveryIntroduction; Sleep and sleepiness; The
determinants of sleep and sleepiness; Physiology during sleep; Factors
in society that interfere with sleep; Societal effects of disturbed/short
sleep; Comments and conclusions; References; Chapter 7. Anabolism
and catabolism at work; Introduction; Theoretical approaches to
anabolism and regeneration; Physiology of anabolism; Opportunities
for regeneration; Empirical examples from research on anabolic
processes; General discussion; References; About the authors

Sommario/riassunto

For decades, researchers have examined the job stressors and their
outcomes for individuals and organizations. However, until now we
know only little about the processes that reduce and reverse the effects
of the stress process. This volume aims at filling this gap in the
literature by focusing on processes related to recovery and unwinding
from job stress. The book integrates various perspectives on the topic.
The chapters demonstrate that recovery research is a very promising
approach for understanding the processes of job stress and relieve
from job stress more fully. Moreover, the chapters
