Sommario/riassunto	Despite the appearance of political and military stability, Egypt may be standing at the edge of a precipice as the state remains grounded in rigid authoritarianism while the population, including a struggling civil society, readies itself to make the leap to democratization. This characterization has far-reaching implications for relations between citizens and the government, as well as Egypt's foreign affairs posture, particularly in the Middle East. State repression of civil, political, and religious actors, the ineffectual provision of social services, and two religious divides, between Co
