Sommario/riassunto

Ordinary language and scientific discourse are filled with linguistic expressions for dispositional properties such as "soluble," "elastic," "reliable," and "humorous." We characterize objects in all domains - physical objects as well as human persons - with the help of dispositional expressions. Hence, the concept of a disposition has historically and systematically played a central role in different areas of philosophy ranging from metaphysics to ethics. The contributions of this volume analyze the ancient foundations of the discussion about disposition, examine the problem of disposition within the context of the foundation of modern science, and analyze this dispute up to the 20th century. Furthermore, articles explore the contemporary theories of dispositions.

Sowohl die Alltags- als auch die Wissenschaftssprache sind reich an Dispositionsausdrücken wie "löslich", "elastisch", "zuverlässig" und "humorvoll". Wir charakterisieren Objekte aus allen Gegenstandsbereichen, sowohl physische Gegenstände als auch menschliche Personen, mit Hilfe von dispositionellen Ausdrücken. Der Begriff der Disposition hat deshalb in der Philosophie in historischer und in systematischer Hinsicht immer eine entscheidende Rolle gespielt. Der Band präsentiert die reichhaltigen philosophischen Auseinandersetzungen um die Existenz, die Natur und die Rolle der Dispositionen von der Antike bis zum 20. Jh. und diskutiert aktuelle Theorien der Dispositionen in der Metaphysik, Erkenntnistheorie und Philosophie des Geistes.

Sommario/riassunto	The overwhelming occurrence of domestic violence in our society makes it more than likely there are-or will soon be-victims in your workplace. This timely book will help you recognize, respond to and prevent domestic violence and reduce your direct liability as an employer. Written by a domestic violence specialist, the book's 10 chapters provide valuable insight into the complexities of dealing with domestic violence in business. It is recommended reading for human resource professionals, managers, and business owners who want to prevent an incident through policy and program development or b
