ISBN	1-003-03996-0 0-203-09239-2 0-585-41770-9
Descrizione fisica	1 online resource (xi, 200 pages) : illustrations
Disciplina	346.730332
Soggetti	Spinal Diseases - surgery Medical Errors Malpractice
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di contenuto	General considerations -- Spinal complications -- Spinal pathologies -- Procedures.
Sommario/riassunto	More than 20,000 spinal operations are carried out in the UK each year, and it is inevitable and unfortunate that mistakes will occasionally be made. Only careful attention to detail in the pre-operative assessment, meticulous surgical care and supervised post-operative management will ensure consistently good results. This book illustrates the difference between the occasional inevitable complication that can occur in expert hands and avoidable mistakes.
