Sommario/riassunto	The number of internally displaced people far outnumbers estimated refugees who have fled their countries. The majority of displaced populations survive with very little security or legal protection. Responding to the needs of internally displaced people is one of the greatest humanitarian challenges of our time.; Revised and updated from the first edition, this volume includes information on internal displacement in 47 different countries across the globe - that is to say all countries experiencing conflict-induced displacement at the time of publication. There is discussion of the causes of d
