Sommario/riassunto

This volume reassesses the life and work of Octavia Hill, housing reformer, open space campaigner, co-founder of the National Trust, founder of the Army Cadet Force, and the first woman to be invited to sit on a royal commission. In her lifetime, if not a household name, Octavia Hill was widely regarded as an authority on a broad range of acknowledged social problems, particularly housing and poverty. Yet despite her early pre-eminence, subsequent attempts by family members to keep her memory alive, and the remarkable success of the institutions which she helped to found, Hill fell from public favour in the twentieth century. The fourteen chapters in this book will help to

provide a more nuanced portrait of Hill and her work in a broader context of social change, reflecting recent scholarship on nineteenth-century society in general, and on philanthropy and preservation, and women's role in them, in particular.

Sommario/riassunto	In this groundbreaking study based on archival research about Chicana and Chicano prisoners—known as Pintas and Pintos—as well as fresh interpretations of works by renowned Pinta and Pinto authors and activists, B. V. Olgún provides crucial insights into the central roles that incarceration and the incarcerated have played in the evolution of Chicana/o history, cultural paradigms, and oppositional political praxis. This is the first text on prisoners in general, and Chicana/o and

Latina/o prisoners in particular, that provides a range of case studies from the nineteenth century to the present. Olgún places multiple approaches in dialogue through the pairing of representational figures in the history of Chicana/o incarceration with specific themes and topics. Case studies on the first nineteenth-century Chicana prisoner in San Quentin State Prison, Modesta Avila; renowned late-twentieth-century Chicano poets Raúl Salinas, Ricardo Sánchez, and Jimmy Santiago Baca; lesser-known Chicana pinta and author Judy Lucero; and infamous Chicano drug baron and social bandit Fred Gómez Carrasco are aligned with themes from popular culture such as prisoner tattoo art and handkerchief art, Hollywood Chicana/o gangxploitation and the prisoner film *American Me*, and prisoner education projects. Olgún provides a refreshing critical interrogation of Chicana/o subaltern agency, which too often is celebrated as unambiguously resistant and oppositional. As such, this study challenges long-held presumptions about Chicana/o cultures of resistance and proposes important explorations of the complex and contradictory relationship between Chicana/o agency and ideology.
