

1. Record Nr.	UNINA9910455807203321
Titolo	Evaluation of guidelines for exposures to technologically enhanced naturally occurring radioactive materials [[electronic resource] / / Committee on Evaluation of EPA Guidelines for Exposure to Naturally Occurring Radioactive Materials Board on Radiation Effects Research Commission on Life Sciences National Research Council
Pubbl/distr/stampa	Washington, DC, : National Academy Press, 1999
ISBN	1-280-18652-6 9786610186525 0-309-58070-6 0-585-15002-8
Descrizione fisica	1 online resource (293 p.)
Disciplina	612/.01448
Soggetti	Radiation - Health aspects Low-level radiation - Health aspects Radiation, Background - Health aspects Radioactive pollution - Health aspects Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
