Sommario/riassunto	2009 Choice Outstanding Academic Title. The ultra-Orthodox yeshiva, or Jewish seminary, is a space reserved for men, and for a focus on religious ideals. Fundamentalist forms of piety are usually believed to be quite resistant to change. In Yeshiva Fundamentalism , Nurit Stadler uncovers surprising evidence that firmly religious and pious young men of this community are seeking to change their institutions to incorporate several key dimensions of the secular world: a redefinition

of masculinity along with a transformation of the family, and
participation in civic society through the labor mark
