

1. Record Nr.	UNINA9910455971303321
Autore	Isaac Grant
Titolo	Agricultural biotechnology and transatlantic trade [[electronic resource]] : regulatory barriers to GM crops // Grant E. Isaac
Pubbl/distr/stampa	Wallingford, Oxon, UK ; ; New York, : CABI Pub., c2002
ISBN	1-280-82972-9 9786610829729 0-85199-700-7
Descrizione fisica	1 online resource (318 p.)
Disciplina	338.4/76315233
Soggetti	Genetic engineering industry Genetically modified foods Food industry and trade Agricultural biotechnology International trade Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 271-292) and index.
Nota di contenuto	List of Tables; List of Figures; Preface; Part I The Issues; 1 Social Regulatory Barriers; 2 Agricultural Biotechnology; Part II Regulatory Development and Integration; 3 Economic Interests; 4 Social Interests; 5 Regulatory Development and Integration; Part III Transatlantic Regulatory Regionalism; 6 North American Regulatory Approach; 7 European Regulatory Approach; Part IV Analysis; 8 Transatlantic Regulatory Integration; References; Index
Sommario/riassunto	Reviews the regulatory hurdles facing genetically modified crops in gaining access to the European Union and proposes a regulatory strategy to overcome such challenges.
