

1. Record Nr.	UNINA9910455999903321
Titolo	Frontiers in chemical engineering [[electronic resource]] : research needs and opportunities // Committee on Chemical Engineering Frontiers--Research Needs and Opportunities, Board on Chemical Sciences and Technology, Commission on Physical Sciences, Mathematics, and Resources, National Research Council
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, 1988
ISBN	1-280-24683-9 9786610246830 0-309-55519-1 0-585-03740-X
Descrizione fisica	1 online resource (235 p.)
Disciplina	620/.0072
Soggetti	Chemical engineering - Research - United States Chemistry, Technical Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographies and index.
