Autore	Varkevisser Corlien M
Titolo	Proposal development and fieldwork [[electronic resource] /] / Corlien M. Varkevisser, Indra Pathmanathan, Ann Brownlee
Pubbl/distr/stampa	Amsterdam, : KIT Publishers Ottawa, Ont., : International Development Research Centre Brazzaville, Congo, : World Health Organization, Regional Office for Africa, c2003
ISBN	1-280-71747-5 9786610717477 1-55250-069-1
Descrizione fisica	1 online resource (370 p.)
Collana	Designing and conducting health system research projects ; ; v.1
Altri autori (Persone)	PathmanathanIndra BrownleeAnn Templeton <1944->
Disciplina	362.1/0727
Soggetti	Medical care - Statistical methods Report writing - Study and teaching Medical care surveys - Study and teaching Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Abstracts in English, French, and Spanish.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Table of Contents; Foreword; Preface and acknowledgements; Introduction to Part I: Proposal Development and Fieldwork; Module 1: Course orientation; Module 2: Introduction to health systems research; Module 3: Identifying and prioritising problems for research; Module 4: Analysis and statement of the problem; Module 5: Review of available literature and information; Module 6: Formulation of research objectives; Module 7: Introduction to health systems research methodology; Module 8: Variables; Module 9: Study types; Module 10: Data collection techniques; Module 11: Sampling Module 12: Plan for data collectionModule 13: Plan for data processing and analysis; Module 14: Pre-testing the methodology; Module 15: Work plan; Module 16: Budget; Module 17: Plan for administration, monitoring and utilisation of results; Module 18: Finalising and reviewing the research proposal; Module 19: Fieldwork activities;

Module 20: Field work report; Annex to the modules: Guidelines for organising short HSR courses on proposa

Sommario/riassunto

This is volume one in a two-volume set presenting a course outline, in modular format, that deals step-by-step with the development of a Health Systems Research (HSR) proposal and field testing.
