

1. Record Nr.	UNINA9910456025003321
Titolo	Materials for high-density electronic packaging and interconnection [[electronic resource]] : report of the Committee on Materials for High-Density Electronic Packaging, National Materials Advisory Board, Commission on Engineering and Technical Systems, National Research Council
Pubbl/distr/stampa	Washington, D.C., : National Academy Press Alexandria, VA, : Available from Defense Technical Information Center, Cameron Station, 1990
ISBN	1-280-21251-9 9786610212514 0-309-53669-3 0-585-14395-1
Descrizione fisica	1 online resource (153 p.)
Disciplina	621.381/046
Soggetti	Electronic packaging - Materials Electrical engineering - Materials Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"NMAB-449."
Nota di bibliografia	Includes bibliographical references.
