Thinking and teaching with indigenous traditions of Melanesia Mary MacDonald 23. The Hawaiian Lei on a voyage through modernities: A study in post-contact religion Steve Friesen.

Sommario/riassunto

At a time when local traditions across the world are forcibly colliding with global culture, this work explores the future of indigenous religions as they encounter modernity and globalisation.

Sommario/riassunto

Where is Egypt headed? Did the people 'bring down the government'? Has the country become the first front in a regional counter-revolution backed by the Gulf monarchies? These are only some of the questions that this volume - the first to describe the ongoing dynamics in Egypt since the outbreak of revolution - explores.
