| 1. Record Nr. | UNINA9910456076703321 |
| Titolo | Coatings for high-temperature structural materials [[electronic resource]] : trends and opportunities // Committee on Coatings for High-Temperature Structural Materials, National Materials Advisory Board, Commission on Engineering and Technical Systems, National Research Council |
| Pubbl/distr/stampa | Washington, D.C., : National Academy Press, 1996 |
| ISBN | 1-280-19269-0 9786610192694 0-309-57825-6 0-585-03708-6 |
| Descrizione fisica | 1 online resource (101 p.) |
| Soggetti | Heat resistant materials Refractory coating Gas-turbines - Blades - Materials Electronic books. |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Bibliographic Level Mode of Issuance: Monograph |
| Nota di bibliografia | Includes bibliographical references. |
