Nota di contenuto	Frontmatter -- Contents -- Preface -- Part I -- 1. Bicameralism: A Concept in Search of a Theory -- 2. Bicameral Perspectives -- 3. The Senate as an Object of Study -- Part II -- 4. Representation -- 5. Federalism -- 6. Legislation -- 7. Responsible Government -- Part III -- 8. The Canadian Senate: What Is to Be Done? -- 9. Conclusion -- Notes -- Bibliography -- Index
Sommario/riassunto	The Canadian Senate in Bicameral Perspective is the first book-length scholarly study of the Senate in over a quarter century and the first such analysis of the upper house as one chamber of a bicameral legislature. David E. Smith's aim is to demonstrate the inter-relationship of the two chambers and the constraint this poses for Senate reform. He analyzes past literature on the Senate and current proposals for reform ? such as Triple-E Senate ? drawing detailed comparisons between Canada's upper chamber and the upper chambers of Australia, the United States, Germany, and the United Kingdom. There is a revival of interest and literature abroad in upper chambers and also in bicameralism. Using Parliamentary debates and committee reports, as well as a broad reading of comparative literature,

The Canadian Senate in Bicameral Perspective sets the Canadian Senate into this international milieu, contextualizing the debate and arguing for a renewed investigation into its future.

2. Record Nr.	UNINA9910310641803321

Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	La bande dessinee numerique n'a qu'une vingtaine d'annees d'existence, et elle reinvente le 9eme Art. Peut-elle s'envisager comme un objet culturel historique? Un objet en apparence aussi contemporain ne naît pas de nulle part et possede ces racines propres, pas forcément liees a la seule bande dessinee papier. Julien Baudry, au travers d'une exposition des experiences aussi multiples qu'ephemeres, propose un parcours esthetique de la bande dessinee revisitee par le format numerique. Un livre electronique unique sur la bande dessinee electronique!
