security practices in a highland minority project / Lynn Theismeyer and Seewigaa Kittiyongkun -- Epilogue : research in human insecurity / Michio Umegaki.

Sommario/riassunto

Threats to human security do not necessarily take cataclysmic forms such as war or natural disaster, nor does human insecurity exist solely within a suspended living environment like refugee camps. This publication explores less obvious threats to human security and how people and communities face them.--Publisher's description.
