Sommario/riassunto	Since the 1950's, anthropologist Sidney W. Mintz has been at the forefront of efforts to integrate the disciplines of anthropology and history. Author of Sweetness and Power: The Place of Sugar in Modern History and other groundbreaking works, he was one of the first scholars to anticipate and critique ""globalization studies."" However, a

strong tradition of epistemologically sophisticated and theoretically informed empiricism of the sort advanced by Mintz has yet to become a cornerstone of contemporary anthropological scholarship. This collection of essays by leading anthropologists an
