Of Recognition / Alessandro Ferrara -- 14. Rejoinder / Axel Honneth
-- Notes on Contributors / D. Petherbridge -- Index / D. Petherbridge.

Sommario/riassunto

Axel Honneth: Critical Essays brings together a collection of critical interpretations on the work of Axel Honneth, from his earliest writings on philosophical anthropology, his reappraisal of critical theory and critique of post-structuralism, to the development and extension of the theory of recognition, his debate with Nancy Fraser and his most recent work on reification. The book also includes a comprehensive reply by Axel Honneth that not only addresses issues and concerns raised by his critics but also provides significant insights and clarifications into his project overall. The book will be essential reading for all those interested in Honneth's work, and in critical theory, philosophy and social theory more generally.
