| Sommario/riassunto | The field of Canadian history has changed and expanded greatly in the last ten years. In these two volumes, which replace the Reader's Guide to Canadian History, experts provide a select and critical guide to historical writing about pre- and post-Confederation Canada, with an emphasis on the most recent scholarship. The guides, therefore, provide quick and easy access to essential material in any subject area |

for students or for readers seeking direction for broadening their understanding of particular periods, themes, or topics.
