The Importance of Active Planning -- Chapter 4. Infancy and Early Childhood (Birth-5 Years) -- Chapter 5. Middle Childhood (6-11 Years) -- Chapter 6. Adolescence (12-18 Years) -- Chapter 7. Parents' Practices, Voices and Concluding Remarks -- Appendix A: Useful References on Children with Cognitive and Language Learning Disabilities -- Appendix B: Sample English Books for Infants and Young Children -- Index
Sommario/riassunto	This book is a guide for parents who wish to raise children with more than one language and literacy. Drawing on interdisciplinary research, as well as the experiences of parents of multilingual children, this book walks parents through the multilingual reading and writing process from infancy to adolescence. It identifies essential literacy skills at each

developmental stage and proposes effective strategies that facilitate multiliteracy, in particular, heritage-language literacy development in the home environment. This book can also be used as a reference for teachers who teach in community heritage language schools and in school heritage (or foreign) language programmes.
