Sommario/riassunto	American History Now collects eighteen original historiographic essays that survey recent scholarship in American history and trace the shifting lines of interpretation and debate in the field. Building on the legacy of two previous editions of The New American History, this

volume presents an entirely new group of contributors and a reconceptualized table of contents. The new generation of historians showcased in American History Now have asked new questions and developed new approaches to scholarship to revise the prevailing interpretations of the chronolog
