theologiae as pedagogy / Mark F. Johnson -- Education in Dante's Florence revisited: Remigio de' Girolami and the Schools of Santa Maria Novella / M. Michele Mulchahey -- Moral philosophy and Dominican education: Bartolomeo da San Concordio's compendium moralis philosophiae / Charles F. Briggs.

Sommario/riassunto

This volume offers original studies on the subject of medieval education, not only in the formal academic sense typical of schools and universities but also in a broader cultural sense that includes law, liturgy, and the new religious orders of the high Middle Ages. Its essays explore the transmission of knowledge during the middle ages in various kinds of educational communities, including schools, scriptoria, universities, and workshops.
