   Sommario/riassunto A fan of the SolidWorks Bible, but want more detail on assemblies? Here
                      you go. SolidWorks fans have long sought more detail on SolidWorks
                      topics, and now you have it. We took our popular SolidWorks Bible,
                      divided it into two books (SolidWorks 2011 Assemblies Bible and
                      SolidWorks 2011 Parts Bible) and packed each new book with a host of
                      items from your wish lists, such as more extensive coverage of the
                      basics, additional tutorials, and expanded coverage of topics largely
                      ignored by other books. This SolidWorks 2011 Assemblies Bible shows
                      you
