Sommario/riassunto

Education for all can be more effectively provided through the services, programmes and activities of the school library tailored to the needs of the school community. This inspiring book can foster the school librarian's professional development for school library enhancement. It aims at providing amazing topics, methodologies, approaches and experiences. It presents projects and practices addressing the challenges of supporting basic literacy, including contexts where many children cannot or do not access formal instruction on a regular basis. These may inspire education authorities, public
