Sommario/riassunto	Most of the literature on learning disabilities and attention-deficit/hyperactivity disorder (ADHD) focuses on the needs of elementary school-age children, but older students with these conditions also require significant support. Comprehensive and authoritative, this book helps educators and clinicians navigate the maze of laws, policies, and scientific research relating to diagnostic and intervention decision making for adolescents and adults. Leading expert Noel Gregg provides clear guidance on how to conduct and document evidence-based assessments and select appropriate
