Sommario/riassunto	With two new lead authors, the sixth edition of Psychiatric Diagnosis continues its thirty-five year tradition of providing a clear, critical and well-documented overview of major psychiatric syndromes, with minimum inclusion of unwieldy theories or clinical opinions. Medical students and psychiatric residents will continue to find this new edition to be a unique guide to the field-a volume that concisely yet comprehensively dissects major psychiatric disorders. Well-known for providing a thorough yet concise view of the natural history of basic psychiatric disorders, this popular text has bee
