## Sommario/riassunto

Ndiaye-Coic -- Reinforcing the contributions of African diasporas to development / Chukwu-Emeka Chikezie -- Migration and productive investment : a conceptual framework / Valeria Galetto.

The diaspora of developing countries can be a potent force for development, through remittances, but more importantly, through promotion of trade, investment, knowledge and technology transfers. The book aims to consolidate research and evidence on these issues with a view to formulating policies in both sending and receiving countries.
