Sommario/riassunto	Gestalt Therapy has been developing steadily for the last 50 years in America as well as in Europe. It is currently practiced in different settings: individual, group, and family therapies; personal growth; social, medical and business organizations. This book describes a specific French approach: a synthesis of French culture (greatly influenced by psychoanalysis) along with a mobilizing and interactive method, emphasizing the cycle of contact, evoking the emotions, the body and the right hemisphere of the brain. This book is written mostly

for beginners and for psychotherapy clients: it summ
