Sommario/riassunto	Materials on Left Dislocation consists of two parts. Part I contains a selection of the main texts on which our present understanding of the Left Dislocation construction is based. For various reasons most of these texts had never been published, or are published in obsolete places. These articles, by Van Riemsdijk & Zwarts, Rodman, Hirschbuehler, Vat, Cinque and Zaenen, contain the first arguments that pertain to the major questions about Left Dislocation (for example

whether movement or base-generation is involved), and they present the rationale for the now standard distinctions betw
