Sommario/riassunto	Under the cultural turn and transformation the new intellectual discourses started in the 21st century to search the roots, have cross-cultural comparison and to see how the old traditions be used in the contemporary worldviews. This book is the first attempt dealing with roots of Indian geographical thoughts since its beginning in 1920. It emphasises identity of India and Indianness and consciousness among dweller geographers in India, development and status of geography and its recent trend...
