Nota di contenuto	Introduction: the ends of education -- Getting there -- What's a student to think? -- W(h)ither academic freedom? : revaluing faculty work -- The work of administration -- Conditions of interdisciplinarity -- Toward organizational hybridity -- Conclusion: (out) from under new management?.
Sommario/riassunto	Faculty members who care about the institutions of higher education where they work are often at odds with university management. In his forceful book, Under New Management, Randy Martin takes a novel, evenhanded approach to this gulf between professors, who feel a loss of autonomy, and administrators. Martin imagines a political future for academic labor based on a critical understanding of the administrative work that faculty already undertake. He considers the differences between self-rule and specialized expertise and provides a case study of a New York City public sch
