Sommario/riassunto Everyone from parents to policymakers has an interest in the mission of higher education, yet in many cases, the shifting relationship between public and private goods and public and private purposes has complicated that mission. Recent changes in organization, funding, and assessment have also altered the public purpose of universities. In this collection, scholars from around the world confront the realities of higher education and the future of its public and private agenda. Their perspective illuminates the trajectory of education in the twenty-first

century and the continuing importance o
