Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Contents; List of Figures; List of Tables; Acknowledgements; Introduction; 1 Traffic Accident Involvement Taxonomies; 2 The Validity of Self-reported Traffic Behaviour Data; 3 Accident Proneness; 4 The Determination of Fault in Collisions; 5 The Accident-Exposure Association; 6 Constructing a Driving Safety Criterion; 7 Alternatives to Accidents as Dependent Variable; 8 Cases Studies; Afterword; References; Index
Sommario/riassunto	This book discusses several methodological problems in traffic psychology which are not currently recognized as such. Summarizing and analyzing the available research, it is found that there are a number of commonly made assumptions about the validity of methods that have little backing, and that many basic problems have not been researched at all. Suggestions are made as to further studies that should be made to address some of these problems.

2. Record Nr.	UNINA9910687995403321
Titolo	Jewish manuscript cultures : new perspectives // edited by Irina Wandrey
Pubbl/distr/stampa	Berlin ; ; Boston : , : De Gruyter, , [2017]

Sommario/riassunto

"This volume focuses on the status of research on Hebrew manuscript culture and includes manuscripts written in other Jewish scripts or languages such as Aramaic, Judaeo-Arabic or Yiddish. The work spans 16 academic papers dealing with the state of the art in areas such as codicology and palaeography, manuscript and book collections, illuminations and fragments, and the material analysis of manuscripts" -- Provided by publisher.
