Sommario/riassunto	This reissue, first published in 1971, provides a brief historical account of the Theory of Logical Types; and describes the problems that gave rise to it, its various different formulations (Simple and Ramified), the difficulties connected with each, and the criticisms that have been directed against it. Professor Copi seeks to make the subject accessible to the non-specialist and yet provide a sufficiently rigorous exposition for the serious student to see exactly what the theory is and how it works.

Sommario/riassunto	This ebook consists of a summary of the ideas, viewpoints and facts presented by Barack Obama in his book "The Audacity of Hope, Thoughts on Resorting the American Dream". This summary offers a concise overview of the entire book in less than 30 minutes reading time. However this work does not replace in any case Barack Obama's book.Obama argues that American life has departed from its founding grounds and that American politics need to change. He believes that the new kind of politics must be based around shared understanding of what pulls together Americans, hence these must be grounded un
