Sommario/riassunto	The purpose of this volume is to make more accessible, for the use of researchers and students in the field of pidgins and creoles, presentations of the third International Conference on Pidgins and Creoles in Honolulu, 1975, dealing with English-based creoles. Aside from their documentary value, the ten papers of this volume are of interest for several reasons: they contain interesting data and

observations on the languages themselves, in particular Trinidadian Creole, Guyanese Creole, St. Kitts Creole, and Bahamian English. Additionally, the contributions are significant for the insights the
