Sommario/riassunto

Providing a comprehensive review of rigorous, innovative, and critical scholarship relevant to educational issues which impact Latinos, this Handbook captures the field at this point in time. Its unique purpose and function is to profile the scope and terrain of academic inquiry on Latinos and education. Presenting the most significant and potentially influential work in the field in terms of its contributions to research, to professional practice, and to the emergence of related interdisciplinary studies and theory, the volume is organized around five themes:
