| Sommarioriassunto | <p>Sandplay Therapy in Vulnerable Communities offers a new method of therapeutic care for people in acute crisis situations such as natural disasters and war, as well as the long-term care of children and adults in areas of social adversity including slums, refugee camps and high-density urban areas. This book provides detailed case studies of work carried out in South Africa, China and Colombia and combines practical discussions of expressive sandwork projects with brief overviews of their sociohistoric background. Further topics covered include: the social aspect of</p> |
