Sommario/riassunto	The Continuum Companion to Pragmatism offers the definitive guide to a key area of contemporary philosophy. The book covers all the fundamental questions asked by pragmatism - areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research. Twelve specially commissioned essays from an international team of experts reveal where important work continues to be done in the area and, most valuably, the exciting new directions the field is taking. The Companion explores issues pertaining to aesthetics, economics, education, eth
