Sommario/riassunto

This volume presents annotated English translations of 74 awards handed down by tribal arbitrators and other legal documents obtained from the Bedouin of the Judean Desert. The documents address such legal issues as blood and sexual offenses, family disputes, inheritance, private transactions in land and water rights, tribal boundaries, contracts and obligations. The documents, some of which date back to the 19th century, provide vital information on the process of Islamization of the tribal customary law in the precinct of the tribal judge. The facsimile reproductions of the manuscripts are included, rendering direct access to the original documents. The study is intended for students of Islamic law, of customary law and of comparative law, and historians interested in the legal, social and economic history of modern Palestine and Jordan. A linguistic essay, by Dr. Ms Shawrbah, based on the Bedouin documents, appears at the end of the study.

Sommario/riassunto

This monumental study of medieval law and sexual conduct explores the origin and development of the Christian church's sex law and the systems of belief upon which that law rested. Focusing on the Church's own legal system of canon law, James A. Brundage offers a comprehensive history of legal doctrines-covering the millennium from A.D. 500 to 1500-concerning a wide variety of sexual behavior, including marital sex, adultery, homosexuality, concubinage, prostitution, masturbation, and incest. His survey makes strikingly clear how the system of sexual control in a world we have half-forgotten has shaped the world in which we live today. The regulation of marriage and divorce as we know it today, together with the outlawing of bigamy and polygamy and the imposition of criminal sanctions on such activities as sodomy, fellatio, cunnilingus, and bestiality, are all based in large measure upon ideas and beliefs about sexual morality that became law in Christian Europe in the Middle Ages. "Brundage's book is consistently learned, enormously useful, and frequently entertaining. It is the best we have on the relationships between theological norms, legal principles, and sexual practice."-Peter Iver Kaufman, *Church History*
