Sommario/riassunto	One of the major historians of prerevolutionary Russia has collected in this volume some of his most important essays. Written over a number

of years, these pioneering works have been revised and updated and are complemented by others being published for the first time. Thematically, they cover major subjects in Imperial Russian history and in historical writing, such as ideas and their role in historical change; the intelligentsia, the nobility, and peasant society; and historiography. The twelve essays raise cardinal questions about current scholarship on Russian history before the upheavals
