Nota di contenuto	Frontmatter -- Contents -- Introduction -- Bibliographical Abbreviations -- Illustrations and Maps -- Chronological List of Dramatic Texts -- List of Sites -- England -- Wales -- Scotland -- Ireland -- Other -- Doubtful Texts and Records -- APPENDICES -- General Index
Sommario/riassunto	In 1800 entries this valuable reference work covers texts and records of dramatic activity for about 400 sites in Britain from Roman times to 1558. Grouped in sections – Texts listed chronologically; Records of England, Wales, Scotland, Ireland and Other, classified by county, site, and date; and Doubtful Texts and Records – the entries summarize the

contents of each record and give bibliographic information. Professor Lancashire presents a comprehensive survey of almost every type of literary and historical record, document, and work: civic, church, guild, monastic and royal court minutes and financial accounts; national records – Chancery, Parliament, Privy Council, Exchequer; royal proclamations; wills; local court rolls; jest-books, poems, prose treatises, sermons; archaeological remains, artifacts, illustrations. He brings together works in several normally unrelated fields: Roman theatre in Britain; medieval drama as such, including the Corpus Christi play and the moral play; court revels of the Tudors and of their predecessors in England and Scotland; and finally Latin and Greek drama as played in Oxford and Cambridge colleges. An introduction outlines the history of early drama in Britain. Appendixes include indexes of about 335 towns or patrons with travelling players, complete with rough itineraries; about 180 playwrights; and about 320 playing places and buildings. There are illustrations, four maps and a large general subject and name index

pt. 1. Federal court policymaking -- pt. 2. State court policymaking --  
pt. 3. Conclusion.

Sommario/riassunto

"To what extent do courts make social and public policy and influence social and public policy change? This innovative text analyzes this question generally and in seven distinct policy areas that play out in both federal and state courts--tax policy, environmental policy, reproductive rights, sex equality, affirmative action, school finance, and same-sex marriage. The authors address these issues through the twin lenses of how state and federal courts must and do interact with the other branches of government and whether judicial policy-making is a form of activist judging. Each chapter analysis investigates the current state of the law, the extent of court involvement in policy change, the responses of other governmental entities and outside actors, and the factors which influenced the degree of implementation and impact of the relevant court decisions. Throughout the book, Howard and Steigerwalt examine and analyze the literature on judicial policy-making as well as evaluate existing measures of judicial ideology, judicial activism, court and legal policy formation, policy change and policy impact. This unique text offers new insights and areas to research in this important field of American politics"--

3. Record Nr.	UNISA996393433603316
Autore	Charles, King of England, <1630-1685.>
