Topic Agreement; 3.2. Antitopic agreement; FOOTNOTES; REFERENCES
Sommario/riassunto	The author describes and explains the syntactic and pragmatic properties of the nominal and pronominal elements in sentences of the types Ces Romains ils sont fous and Ils sont fous, ces Romains, which, in spite of their frequent occurrence, have so far received little attention among linguists and grammarians. He argues that far from having the marginal status of a linguistic anomaly, the cooccurrence in the same clause of coreferential nouns and pronouns is one formal manifestation of an important functional principle in modern French: the encoding of a topic-comment relationsh
