| Nota di contenuto | Part One: Chart Patterns -- Part Two: Event Patterns -- Statistics Summary -- Glossary and Methodology. |
| Sommario/riassunto | In this revised and expanded second edition of the bestselling Encyclopedia of Chart Patterns, Thomas Bulkowski updates the classic with new performance statistics for both bull and bear markets and 23 new patterns, including a second section devoted to ten event patterns. Bulkowski tells you how to trade the significant events -- such as quarterly earnings announcements, retail sales, stock upgrades and downgrades -- that shape today's trading and uses statistics to back up his approach. This comprehensive new edition is a must-have reference if you're a technical investor or trader."--Provided by publisher. |
