Sommario/riassunto	Education for All (EFA) has been a top priority for governments and intergovernmental development agencies for the last twenty years. So far the global EFA movement has placed its principal focus on providing quality universal primary education (UPE) for all children by 2015.The latest addition to The Open and Flexible Learning series, this book addresses the new challenges created by both the successes and the failures of the UPE campaign. This book advocates new approaches for

providing access to secondary education for today's rapidly growing  
population of child
